If you doubt it, come and let us convince you. If you do believe it, all the more reason why you should call. The trouble with many well-meaning people is that they keep putting off what they know they ought to do. Among the things they should do is to take measures to secure a home for their family. The time for doing this was never more propitious, for everything just now favors the buyer. That is the reason why we urge the reader to see about it now—today. DO YOU KNOW
